Captain Phillips brought his boats down from Buffalo two days ago, and sought to load out of turn. The boatmen objected and gathered early at the dock to prevent him. The Tona-wanda boatmen say Phillips began the shooting. However that may be, he was the first to fall. His son then cut the lines and the boats drifted down stream out of the range of the pistols. While cutting the lines young Fhilips was assaulted. The shooting brought the police to the docks, but the rioters had dispersed. Seven arrests have been made for participating in the riots.

Until recently passengers for Detroit or other points west entering Canada at Buffalo were furnished a label which was attached to their hand baggage showing that the owner was a "through passenger," which label passed the baggage attendant at Detroit without examination.
